

FROM *Service* TO *Survival*

Overcoming Adversity and Influencing Organizational Culture as Future Leaders

In this compelling and thought-provoking workshop, Rashan Legard shares his personal journey of survival, resilience, and healing in the face of adversity during his time in military service. Rashan's experience sheds light on the critical issues of organizational culture, toxic behaviors, and the imperative need for prevention within our ranks.

Learning Outcome:

Understanding Personal Resilience: Participants will gain insights into the concept of personal resilience by exploring Rashan Legard's journey, enabling them to apply these insights to their own lives and challenges.

Ethical Decision-Making: Through Rashan's narrative, participants will reflect on ethical decision-making processes and how these decisions impact individuals and organizations.
